We know how much effort goes into publishing a paper. Our team of PhD experts provide English language editing, academic translation and other manuscript preparation services, all backed by our 100% satisfaction guarantee.

[Why We're Different](#) [Start an Order](#)

## Supporting you in every phase of publishing

We specialize in helping researchers, scientists, and scholars to communicate their findings with a variety of services in 447 areas of study and over 2000 field-specific topics. At AJE we pride ourselves in consistently delivering the highest quality services in the industry.

### English Language Editing

[Academic English editors in your field will review the language in your manuscript, abstract, thesis, grant, or academic book to ensure that your ideas are communicated clearly and accurately. We specialize in providing the highest-quality language polishing in the industry and will carefully correct any errors in spelling, grammar, and word choice. After our work is completed, the language in your paper will be of publication quality.](#)

## Infographics

Infographics provide a compelling visual snapshot of the key findings from your study. Showcase your research by calling out the most important points in a visual way.

## Research Recaps

A visual snapshot of the background, methodology, and key findings from your study. Formatted for easy sharing on social media so that readers can quickly view your results.

## Research Highlights

Written by a professional scientific scriptwriter, research highlights capture the main points of your work to make sharing easier.

[Prices start at \\$150. Click here to learn more.](#)

**Trusted by the most respected names in scientific publishing**

Reputation is important in the research community. World-class publishers like Springer Nature trust AJE to deliver high-quality English editing and manuscript preparation services to their authors.

"AJE has many talented editors. They offer a responsive, supportive and friendly service that is focused on the needs of authors. I am happy to recommend them."

Hazel Newton, Head of Researcher Services, Springer Nature

## AJE Scholar Author Resource Center

We offer a wide range of articles, videos, and webinars to help you along your journey to publication.

[How to Turn a Lab Notebook into an Academic Manuscript](#)

Writing a manuscript can be daunting - here are some tips for turning your research notes into a great manuscript.

[Research Conferences: 10 Tips to Maximize Your Experience](#)

Conferences can benefit researchers' labs and careers. Learn 10 ways to make the most of your time at one!

[Choosing the Right Journal for Your Research](#)

- Submitting a manuscript to an unsuitable journal is one of the most common mistakes made by authors, and both novice and seasoned researchers are capable of making this error.
- Considerations in the process include the journal's scope, any restrictions it imposes on manuscript types or topics, and the journal's Impact Factor.

[Getting a Strong Start: Best Practices for Writing an Introduction](#)

This white paper outlines specific actions authors can take to put together a strong introduction to research they would like published in the top journals.
