FEATURED PREPRINTS

BROWSE PREPRINTS

The occurrence of hyperactivated platelets and fibrinoid microclots in Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS)

POSTED

 Research Square

Epidemiology

Rapid epidemic expansion of the SARS-CoV-2 Omicron BA.2 subvariant during China's largest outbreaks

POSTED

 Research Square

Immunology

Retrospective cohort study of the effectiveness of the Sputnik V and EpiVacCorona vaccines against the SARS-CoV-2 Delta variant in Moscow (June-July 2021)

POSTED

 Research Square

A novel single TCR gamma chain fused with antibody-based binding domain facilitates T cell cytotoxicity for potent anti-tumor response without forming TCR-CD3 complex

UNDER REVIEW

nature portfolio

Additive influence of extreme events and local stressors on coral diversity in the Mesoamerican Reef during the last decade

UNDER REVIEW

Epidemiology

Estimates of prevalence of anti-SARS-CoV-2 antibodies among blood donors in South Africa in March 2022

POSTED

Influence of microalgal diets in the mass production and nutrient enrichment of *Apocyclops royi* (Cyclopoida, Copepoda) - A

Virology

Rapid Relapse of Symptomatic Omicron SARS-CoV-2 Infection Following Early Suppression with Nirmatrelvir/Ritonavir

POSTED

From Draft to Impact

We offer a full range of services no matter where you are in your research.

Share early

Post your manuscript as a preprint directly to Research Square or while under consideration at a participating journal through *In Review*. Posting early lets you showcase your work to funders and potential collaborators and get more citations.

PREPRINT WITH RESEARCH SQUARE

Improve your manuscript

Improve your manuscript with AJE's English language editing, formatting, and figure preparation services. Research Square supports community commenting and inline annotation, allowing you to gather feedback prior to peer review.

EDITING SERVICES

Make an impact

Communicating your research clearly and accurately has never been more important. Our Research Promotion products are custom created by expert illustrators and scientific script writers to provide a snapshot of the key findings from your latest study.

RESEARCH PROMOTION

succeed

Research Square is a leading author, editorial, and video services provider. We are a trusted partner to many of the leading academic publishers, institutions, and societies worldwide.

How can we support your research?

[CONTACT US](#)

Research Square lets you share your work early, gain feedback from the community, and start making changes to your manuscript prior to peer review in a journal.

As a division of Research Square Company, we're committed to making research communication faster, fairer, and more useful. We do this by developing innovative software and high quality services for the global research community. Our growing team is made up of researchers and industry professionals working together to solve the most critical problems facing scientific publishing.
